

## **200 days schedule (CC5411) for treatment of complicated cases of Type II Diabetes (Days 121 to 160).**

### **Pankaj Oudhia**

#### **Introductory Note**

In complicated cases of Type II Diabetes, the Traditional Healers of Indian state Chhattisgarh use Complex Herbal Formulations. They use it in form of schedules of different durations including 200 days schedule. These Complex Herbal Formulations are used with internal and external remedies and specific food materials. I have documented traditional knowledge practiced in over 10,000 complicated cases of Type II Diabetes. This research document presents knowledge about herbs and herbal formulations used in Complicated Case 5411. In treatment of such cases there is no thumb rule. The treatment varies from patient to patient. Different Healers give different views and comments on same schedule. It results in modified schedules.

respiratory troubles or any related trouble then consult Healers for modifications.

Prepare it at home under supervision of Traditional

Healers.  
Use organically grown or wild ingredients.  
Care takers must be instructed carefully.  
Try to prepare it daily.  
If patients have respiratory troubles or any related trouble then consult Healers for modifications.
